

CENTRAL

Aluminum Extrusions

CUSTOM PRODUCER OF HIGH QUALITY ALUMINUM EXTRUSIONS

Central Aluminum Company

of Columbus Ohio is a custom producer of high quality aluminum extrusions. In business since 1963, we serve the Midwest industrial and manufacturing communities. Our 100,000 square foot plant is located on Columbus' Southeast side.

Central Aluminum serves many industries, including window and door, home improvement, automotive, truck, marine, aircraft, RV, agricultural, sign and billboard, awning and canopy, electronics, display and showcase, structural and tubular extrusions for construction, and many others.
